Dreer's Wholesale Price List SUMMER, 1931

CONDITIONS OF SALE

PARCEL POST—We will be pleased to send such items as can be mailed by Parcel Post if customers will remit for postage. We do not deliver any goods free at Wholesale prices.

PRICES—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. Plants offered in our Retail Catalogue and not offered in this list will be supplied to florists at retail prices less a discount of 20%.

TERMS OF BUSINESS—Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations, and sufficient time to investigate otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia Banks, or Express Money Orders, in amount sufficient to cover the complete order. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way. WE DECLINE SENDING GOODS C. O. D.

CANADIAN SHIPMENTS—All goods are sent by Mail, Express or Freight, purchaser paying all charges. Patrons who wish to purchase Plants and Bulbs must secure a permit from the Department of Agriculture, Ottawa.

All goods are offered subject to crop failures, shortages or other causes beyond our control and to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give Shipping Directions, and write Name and Address Distinctly on each and every order.

SHIPPING—It is customary for our patrons to receive their orders from us in perfect condition, but all shipments are made at purchaser's risk, our responsibility ceasing after we deliver the goods in good order to transportation company. Claims for shortages, etc., must be made within 5 days of receipt of goods.

JUNE, 1931.

NON-WARRANTY—Henry A. Dreer, Inc., gives no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any Seeds, Bulbs or Plants they sell, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

Dreer's Celebrated Lawn Grass Seeds

Reseeding the lawn in summer is almost a necessity, as the resultant new growth helps to keep down the unsightly and troublesome fall weeds. We use only the highest quality of Recleaned Perennial Grass and Clover Seeds in the composition of our lawn mixtures. No cheap annuals such as Timothy are included for we aim to produce permanent results rather than a quick but temporary effect. Put up in attractive and convenient-sized cartons, they make a very necessary and profitable side line for every Florist to stock.

Lawn Grass in Cartons

	Per 100	Retail at:		Per 100	Retail at:
Putting Green	Pints \$23 00	40 cts. each	Evergreen	Pints \$11 00	20 cts. each

SEEDS, PLANTS AND BULBS

1306 SPRING GARDEN ST.

STA. S.

PHILADELPHIA, PA.

WHOLESALE PRICE LIST OF

Dreer's Reliable Flower Seeds

We give close attention to the Flower Seed Department; our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and no pains or expense are spared with this object in view. We call special attention to our particularly fine strains of Antirrhinums, Cinerarias, Cyclamen, Pansies, Primulas, Stocks, Forcing Sweet Peas, etc., etc. They are now grown by the most critical florists in the country and are acknowledged to be superior in all respects.

NOTE.—We do not furnish less than Trade Packets. Fractions of ounces are supplied as under:

Where price per ounce is..	10c	15c	20c	25c	30c	35c	40c	50c	60c	75c	\$1.00	\$1.25	\$1.50	\$2.00	\$2.50
We will supply ½ oz. for..	—	10	15	20	25	30	40	50	60	75	1.00	1.25	1.50	2.00	2.50
“ “ ¼ “ “	—	—	—	—	—	—	15	20	25	30	.30	.35	.40	.60	.65

Where smaller quantities than trade packets are wanted retail packets can be supplied at a discount of one-third from retail catalogue prices; Collections of flower seeds as offered in retail catalogues at a discount of 20 per cent from prices quoted. Prices in this list are net and subject to no discounts.

Rosemary (Rosmarinus)

Officinalis. An old favorite aromatic herb, delightfully fragrant, flowers light blue, grows about 2 feet high, should be planted in a warm dry situation, and given a little protection. Trade pkt., 15 cts.; per oz., 50 cts.; ¼ lb., \$1.50.

Tritoma (Red-hot Poker Plant)

Rudbeckia (Cone-Flower)

Newman. Dark orange-yellow flowers, with deep purple cone, borne on stiff, wiry stems, 3 feet high, flowers from July to September. Trade pkt., 25 cts.; per oz., \$1.25.

Purpurea. (Giant Purple Cone-Flower). Flowers about 4 inches across, of a peculiar reddish-purple with a remarkably large cone-shaped centre of brown; forms bushy plants 3 feet high, and blooms from July to October. Trade pkt., 25 cts.; per oz., \$1.00; ¼ lb., \$3.00.

Salvia (Sage)

Azurea Grandiflora. A hardy perennial variety, producing during August and September spikes of pretty sky-blue flowers in great profusion; 3 to 4 feet. Trade pkt., 40 cts.; per oz., \$2.00.

Farinacea. Light blue, makes a fine line. Trade pkt., 40 cts.; per oz., \$2.00.

Sclarea. A beautiful and effective hardy biennial variety, growing 3 to 4 feet high with immense loosely arranged spikes of attractive old rose shading to white floral leaves, produced through July and August. Trade pkt., 25 cts.; per oz., \$1.00.

Saponaria (Soap Wort)

Ocymoides. A very useful hardy plant for the rockery or the border, producing from May to August masses of attractive small bright rose flowers; 8 inches. Trade pkt., 15 cts.; per oz., 50 cts.

Scabiosa

Caucasica (Blue Bonnet). One of the handsomest of hardy perennials, especially valuable for cutting, the blooms lasting a long time in water; color soft lavender-blue; 3 feet. Trade pkt., 40 cts.; per oz., \$2.00; ¼ lb., \$6.00.

Caucasica Giant Hybrids (Isaac House Strain). A great improvement over *Caucasica*, being more vigorous with larger and longer stems and heavier petals, which are ruffled as well as slightly frilled on the edges. Colors range from white to darkest blue, but delicate lilac and mauve predominate. Trade pkt., 75 cts.; per oz., \$5.00.

Columbaria. This new variety from South Africa is of great value for cutting. Colors delicate mauve and soft pink. Trade pkt., 50 cts.; per oz., \$3.00.

Japonica. A variety from Japan, forming bushy plants, 2½ feet in height, and bearing on long, wiry stems beautiful, artistic, lavender-blue flowers; a fine cut flower. Trade pkt., 15 cts.; per oz., 60 cts.; ¼ lb., \$2.00.

Statice (Sea Lavender)

Splendid hardy perennials, either for the border or rockery, producing all summer panicles of minute flowers, which can be dried and used for winter bouquets.

Latifolia. Purplish flowers. (See cut on page 14.) Trade pkt., 25 cts.; per oz., \$1.00.

Incana Mixed. Containing many sorts. Trade pkt., 20 cts.; per oz., 60 cts.

Stokesia (Cornflower Aster)

Cyanea. A beautiful native hardy perennial, growing about 2 feet high and bearing pretty lavender-blue flowers. Trade pkt., 40 cts.; per oz., \$2.00; ¼ lb., \$6.00.

Cyanea Alba. Pure white. Trade pkt., 40 cts.; per oz., \$2.00; ¼ lb., \$6.00.

Mixed. Contains a number of shades of blue and other colors. Trade pkt., 40 cts.; per oz., \$2.00; ¼ lb., \$6.00.

Sweet Rocket (Hesperis)

Old-fashioned hardy garden plants; grows from 2 to 3 feet high, and bears spikes of showy white, lilac and purple fragrant flowers. Excellent for naturalizing among shrubbery or for planting in a permanent border; mixed colors. Trade pkt., 10 cts.; per oz., 25 cts.; per ¼ lb., 75 cts.

Sweet William (Dianthus Barbatius)

There is always a good demand for these beautiful free-flowering old-fashioned favorites. Very easily raised from seed.

New Freesias for 1931

Elder's Giant White. The largest and purest white Freesia ever introduced. A sensation wherever shown, and awarded the very highest honors in Europe as well as this country. Large flat open long tubular flowers 2½ inches diameter, and strong wiry stems. Mammoth bulbs, ¾ to 1 inch. 85 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

Blue Bird. Deep delphinium blue with light center, large open flower and good long stems. Undoubtedly the finest blue Freesia ever offered. Mammoth bulbs. ¾ to 1 inch. \$1.00 per doz.; \$7.00 per 100; \$60.00 per 1000.

Pink Beauty. A distinct new type in Freesias, a giant rose pink with broad petals, flat open flower. It looks more like an orchid spray than a Freesia. Mammoth bulbs, ¾ to 1 inch. \$1.00 per doz.; \$7.00 per 100; \$60.00 per 1000.

Sunset. An entirely new color in Freesias being a flame orange, reminding you of the glorious sunsets of California. Mammoth bulbs ¾ to 1 inch. \$1.00 per doz.; \$7.00 per 100; \$60.00 per 1000.

Spanish Iris

Spanish Iris (Ready in September)

Beautiful orchid-like flowers on slender, graceful stems. Very effective in perennial borders, and rock gardens. Planted in flats, wintered cool and slowly subjected to heat they can be forced with the minimum of expense and labor. Our bulbs are mammoth size and excellent for forcing.

Prices will be established later.

Miscellaneous Hardy Lilies. These will be offered in our September Price List.

Lilium Harrisii (Bermuda Easter Lily)

**Scilla Sibirica****Muscari (Grape Hyacinths)**

One of the prettiest of early spring flowering bulbs, growing about 6 inches high, and throwing up numerous spikes of flowers, which resemble a miniature inverted bunch of grapes. Splendid for the Rock Garden.

Armeniacum. Effective long stemmed Grape Hyacinth of deep cobalt blue, enlivened by white lacing at the aperture of the bells. Wonderfully fragrant. Flowers large and blooms late. 40 cts. per doz.; \$2.75 per 100; \$25.00 per 1000.

White Grape Hyacinths (Pearls of Spain). Pure white. 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

Heavenly Blue Grape Hyacinths. A strong growing variety producing much larger spikes of flowers than the ordinary Blue Grape Hyacinth. Color clear light blue; very showy. 35 cts. per doz.; \$2.25 per 100; \$20.00 per 1000.

**Muscari, Grape Hyacinth****Snowdrops****Ornithogalum Arabicum
(Arabian Star of Bethlehem)**

A very showy species, bearing racemes of white flowers with a black centre, having a sweet aromatic odor; grows 1 to 2 feet in height. Excellent for forcing. \$1.00 per doz.; \$6.50 per 100; \$60.00 per 1000.

**Ornithogalum Lacteam
(Darling Chinkerichee)**

Of recent introduction from South Africa, and has been given much publicity on account of its wonderful keeping qualities. It is claimed that a spike blooms for 100 days from the opening of the first flowers. Forces very readily, and can be grown in cold frames or outdoors in the vicinity of Philadelphia, if protected. The blooms are pure white and are borne on stems $1\frac{1}{2}$ to 2 feet high bearing 50 and more blooms. An excellent cut flower for Mother's Day. \$1.25 per doz.; \$9.00 per 100.

Ranunculus

Double French Hybrids. A splendid strain, the colors range through yellow, white, crimson, purple, etc. Excellent for pot culture for blooming during winter or in cold frames for spring. Mixture contains all colors. 50 cts. per doz.; \$3.00 per 100; \$25.00 per 1000.

Florentine. Very similar to the French mixed in colors, but more desirable because of its very large flowers. 60 cts. per doz.; \$4.00 per 100; \$30.00 per 1000.

Scillas (Squills)

Sibirica. Of dwarf habit, with sprays of exquisite rich blue flowers. Grown in masses, in conjunction with Crocus, particularly the yellow variety, Chionodoxas and Snowdrops, the effect is charming. Equally effective in the Rock Garden, Mammoth bulbs. 60 cts. per doz.; \$4.00 per 100; \$30.00 per 1000.

Campanulata (Spanish Blue-bell, or Wood Hyacinth). A beautiful spring-flowering bulb; spikes of bell-shaped flowers, fine for naturalizing in the woods.

Per doz. Per 100 Per 1000

Blue	\$0 40	\$2 75	\$25 00
Rose	60	4 00	35 00
White	50	3 50	30 00
Mixed Colors	40	2 50	20 00

Snowdrops (Galanthus)

Single. The first of all flowers to herald the approach of spring. In conjunction with Chionodoxas and Scilla Sibirica, a matchless effect can be produced in the border, or the Rock Garden. 40 cts. per doz.; \$3.00 per 100; \$25.00 per 1000.

Dreer's Seasonable Plants

Abelia Chinensis Grandiflora

A choice, small, hardy Shrub of graceful habit, producing through the entire summer and fall months white-tinted lilac heather-like flowers in such abundance as to completely cover the plant. 3-inch pots, \$1.50 per doz.; \$10.00 per 100.

Actinidia Arguta (Silver Vine)

Strong 6-inch pots, \$7.50 per doz.

Actinidia Chinensis

A rare climber with large orbicular foliage of dark green on the upper surface, densely tomentose beneath and when young thickly covered with bright red hairs which gives it a beautiful velvety appearance. It bears attractive yellow flowers which are succeeded by edible fruit the size of a walnut, with gooseberry flavor. Hardy south of Washington. 60 cts. each; \$6.00 per doz.

Agapanthus

Umbellatus. Strong 6-inch pots. \$6.00 per doz.

Akebia Quinata

Strong two-year-old plants, 4-inch pots, \$3.50 per doz.; \$25.00 per 100.

Aloysia (Lemon Verbena)

Citriodora. 3-inch pots..... Per doz. Per 100
\$1 50 \$10 00

Ampelopsis Engelmannia

Strong 5-inch pots of this most useful variety. \$3.50 per doz.; \$25.00 per 100.

Anthericum

Mandaianum. A most desirable plant for window boxes, vases, etc., long, narrow, green leaves, with a creamy white band through the centre. 2½-inch pots, \$2.00 per doz.; \$15.00 per 100.

Vittatum Picturatum. A most desirable plant for window boxes, vases, or for growing as a single specimen in pot; long, narrow green foliage with creamy white centre. 4-inch pots, 35 cts. each.

Aralia

Elegantissima. An attractive foliage plant with finely divided bronzy metallic-green foliage, a splendid decorative plant and an unusually fine subject to use in making up baskets or hampers. 4-inch pots. \$1.00 each.

Araucaria Excelsa (Norfolk Island Pine)

Fine shapely plants with broad, heavy tiers.

	Each
4-inch pots, 8 to 10 inches high.....	\$1 50
5-inch pots, 10 to 12 inches high.....	2 50
6-inch pots, 15 inches high.....	3 00

Aristolochia Sipho (Dutchman's Pipe Vine)

6-inch pots, 75 cts. each; \$9.00 per doz.

Asparagus Plumosus Nanus

8-inch tubs.....	4 00

Lurida Variegata. Striped foliage, 6-inch pots, 14 to 16 leaves, \$2.50 each.

Bignonia (Trumpet Creeper)

Radicans. Strong plants, 5-inch pots, \$2.50 per doz.; \$20.00 per 100.

Buddleia (Butterfly Shrub or Summer Lilac)

Variabilis Magnifica. The best of the Buddleias. Spikes of flowers 18 to 20 inches long, of violet-mauve with yellow centre. 3-inch pot-grown plants, \$2.00 per doz.; \$15.00 per 100.

New Red-Leaved Japanese Barberry

The New Red-Leaved Japanese Barberry

Berberis Thunbergi Atropurpurea One-Year Seedlings for Lining Out

Our stock of seedlings this season is in exceptionally fine strong vigorous condition and the supply will be ample to take care of all orders in full which has not been the case during the past three years.

We offer for delivery Fall 1931 strong selected seedlings absolutely true to type.

\$3.00 per 100
\$20.00 per 1000
Lots of 10,000 or more, \$15.00 per 1000
For Spring 1932 delivery the prices will be
\$4.00 per 100
\$22.50 per 1000
Lots of 10,000 or more, \$17.00 per 1000

Bougainvillea

Crimson Lake. Introduced through the Bureau of Plant Industry of the Department of Agriculture.

The flowers are like all other Bougainvilleas, perhaps a trifle larger, but in coloring none compare with it in richness and brilliancy. On first opening a brilliant crimson-lake, retaining this color for three or four weeks, after which they gradually pass to a crimson-carmine. 4-inch pots, \$3.50 per doz.; \$25.00 per 100.

Camellia Japonica

We offer a nice lot of thrifty plants 12 to 15 inches high in 6-inch pots in Double Pink. \$2.50 each.

Cestrum (Night Blooming Jessamine)

Parqui. 3-inch pots, \$1.50 per doz.; \$10.00 per 100.

Celastrus Scandens (Bitter Sweet or Wax Work)

Strong plants, \$3.50 per doz.; \$25.00 per 100.

Clerodendron

	Per doz.	Per 100
Balfour. 4-inch pots.....	\$3 00	\$20 00

We Make No Charge for Boxes or Packing

Clematis Montana Undulata

(Anemone Clematis)

A strong, vigorous, perfectly hardy type that succeeds under the most adverse conditions. The Anemone or Windflower-like white flushed mauve flowers are from 1½ to 2 inches in diameter and frequently begin to expand as early as the last week in April, continuing well through May and are produced very freely. The best of the early spring-flowering climbers, of which there are but few. 60 cts. each; \$6.50 per doz.; \$50.00 per 100.

Clivia (Imantophyllum)

Miniatum. A very select strain heavy, 5-inch pots, \$1.00; 6-inch pots, \$2.00 each.

Cotoneaster

Very ornamental Shrubs with decorative fruits remaining usually throughout the winter.

Francheti. Tall upright densely branched Shrub with spreading branches. Fruit orange-red; semi-evergreen.

Henryana. Half evergreen tall-growing variety with bright red fruits.

Horizontalis. Low growing Shrub with almost horizontal branches. Small shiny green leaves and orange-red berries produced in great quantity. One of the most effective evergreen plants for rockery or border planting.

Prostrata. A very neat dwarf variety with miniature leaves and bright red berries.

Salicifolia Flocosa. Large growing Shrub of graceful habit and willow-like foliage, bright red fruits extending well along the branches.

Any of the above varieties 4-inch pots, 60 cts. each; \$6.00 per doz.

Crassula

Arborescens. Frequently but erroneously called Japanese Rubber Plant. Heavy stems with thick fleshy leaves about 2 inches long. Very popular house plant, either as specimens or for indoor rock and miniature gardens.

	Per doz.	Per 100
2-inch pots	\$2 00	\$15 00
3-inch pots	3 50	25 00

Alternifolius. 2¼-inch pots	\$1 25	\$8 00
" 4 " "	3 00	25 00

Dracaenas

	Per doz.	Per 100
Massangeana. 3-inch pots.....	\$4 00	\$30 00
Sanderiana. This beautiful green and white variegated variety is a perfect gem for centres of fern dishes or for growing on into larger specimens, particularly by planting three or four plants in a pot.		
2¼-inch pots, \$2.00 per doz.; \$15.00 per 100.		
3-inch pots, \$3.50 per doz.; \$25.00 per 100.		

Euonymus Japonica

Silver Queen. Bushy 5-inch pots of this pretty white and green variegated variety. 75 cts. each.
6-inch pots, \$1.00 each.

Euonymous Radicans

Acuta. A strong growing variety, with long narrow dark green leaves veined with gray. Excellent as a ground cover or for covering a wall.

Acuta Colorata. Like Acuta, but with the foliage tinted purplish red, particularly on the under side.

Kewensis. A variety with very small dark green foliage. Valuable as a rock plant or ground cover.

Variegata. Good plants of this useful variegated leaved form.

Any of the above strong pot plants, \$1.75 per doz.; \$12.00 per 100.

Croton

We Make No Charge for Boxes or Packing

Dreer's Fine Ferns

Adiantum Gloriosum (Glory Fern)

This is the most beautiful of the Maidenhairs, and which has displaced Adiantum Farleyense; it is just as handsome and while Farleyense was a very difficult variety to grow, the Glory Fern is as easily handled as any of the ordinary Adiantums.

We have a splendid lot of strong, thrifty plants from 2½-inch pots which will be found a profitable investment for growing on.

\$3.00 per doz.; \$20.00 per 100; \$175.00 per 1000.

Adiantum Wrighti

This strong growing Maiden Hair is intermediate in size between Cuneatum and the Glory Fern. It is of a cheerful bright green color and fronds 2½ feet long or more can readily be produced. Besides its value for cutting it makes a most beautiful specimen plant in a 4- to 6-inch pot or larger. It is of rapid growth and makes a good decorative subject.

2¼-inch pots, \$12.00 per 100; \$110.00 per 1000.

Asplenium Nidus Avis (Bird's Nest Fern)

A splendid healthy, clean lot of plants, in 3½-inch pots, \$10.00 per doz.; \$75.00 per 100. 5-inch pots, \$1.50 each.

Cyrtomium Rochfordianum Compactum

(The Improved Holly Fern)

This is a splendid compact growing and best form of Cyrtomium Rochfordianum that is valuable either as a small plant or for growing on as a specimen plant.

Good 2¼-inch pots, \$6.00 per 100; \$50.00 per 1000.

Nephrolepis—Boston Fern

2¼-inch pots, \$8.00 per 100.

	Each
4-inch pots	\$0 50
6-inch pots	1 00
8-inch pots	2 00
10-inch tubs	5 00

Platynerium Alcorne Major

(Stag-Horn Fern)

One of the prettiest and easiest growing varieties of the interesting Stag Horn Ferns, a splendid plant for the conservatory. (See illustration.) Strong 3-inch pots, \$1.00; 5-inch pots, \$2.50 each.

Polystichum Coreaceum

Now extensively grown in Florida for cutting purposes; a valuable Fern to grow on into 4 to 6-inch pots making a useful plant for house decoration. 2¼-inch pots, \$1.75 per doz.; \$12.00 per 100.

Asplenium Nidus Avis (Bird's Nest Fern)

Platynerium Alcorne Major

Seedling Plants of Polypodium Mandaianum

This variety originated with us as a seed spore from Mandaianum and by careful selection we have succeeded in fixing a type which is now one of the most popular decorative Ferns in commerce.

2¼-inch pots, \$12.00 per 100; \$110.00 per 1000.

Mixed Ferns for Dishes

We have at all times a good supply of these. 2¼-inch pots, \$6.00 per 100; \$50.00 per 1000.

Ferns in Flats

For Spring and Summer Delivery

These flats contain about 200 plants each, only one variety being in a flat, and we cannot supply less than a full flat of any one sort.

Adiantum Cuneatum	Pteris Mayii
" Hybridum	" Rivertoniana
Aspidium Tsussimense	" Serrulata
Cyrtomium Rochfordianum	" " Cristata
Compactum	" Victoriae
Pteris Adiantoides	" Wilsoni
" Alexandrae	" Wimsetti
" Cretica Albo Lineata	" " Multiceps
" Magnifica	

Any of the above varieties at \$3.00 per flat. We cannot supply less than a full flat of a variety.

Hardy English Ivies

2-inch pots, 75 cts. per doz.; \$5.00 per 100.
 4-inch pots, bushy plants, 2½ to 3 feet high, \$3.00 per doz.; \$25.00 per 100.
 5-inch pots, bushy plants, 4 feet high, \$5.00 per doz.; \$40.00 per 100.
 6-inch pots, 5 feet high, \$12.00 per doz.; \$100.00 per 100.
 7-inch pots. 6 to 8 feet high, \$1.50 each.

Trained Ball-Shaped English Ivy

These ball-shaped Ivies are meeting with considerable favor.

	Each
6-inch pots, balls 10 to 12 inches in diameter..	\$1 50

Jasminum

Grandiflorum (Catalonian Jasmine). 3-inch pots.
 \$2.00 per doz.; \$10.00 per 100.

Nandina Domestica (Chinese Bamboo)

A very handsome small Shrub, hardy as far north as Philadelphia; it grows about three feet high with graceful, light green foliage, which turns to a most attractive bronzy red early in the fall. The small white flowers are produced in good-sized erect panicles in spring and are followed by crimson berries. Strong 5-inch pots, 75 cts. each.

Oleanders Double Pink

We offer a splendid lot of tree-shaped plants in 15-inch tubs, with good straight trunks about 3 feet high and bushy, symmetrical crowns about 30 inches in diameter. \$10.00 each.

Young plants, 4-inch pots, 50 cts. each.
 Variegated Leaved. 4-inch pots, 50 cts. each.

Olea Fragrans (Sweet Olive)

An old favorite greenhouse Shrub succeeding admirably as a house plant, producing small creamy-white flowers of the most exquisite fragrance, continues to bloom almost the entire winter. 4-inch pots, 75 cts. each.

**Polypodium Mandaianum Seedling****The Glory Fern (Adiantum Farleyense Gloriosa)****Ophiopogon**

Jaburan Variegatus. A pretty variegated foliage plant, useful either as a pot plant for the window or for planting out in summer; its narrow dark green foliage is prettily striped with gold, and during July and August spikes of blue flowers add to its beauty. 5-inch pots, 75 cts. each.

Pandanus Veitchi

	Each
Good 6-inch pots	\$1 50
7-inch pots	2 50
7-inch tubs	3 50

Passiflora (Passion Flower)

Pfordti. The best variety for outdoors in summer; flowers light blue, suffused with rose and borne quite freely. 3-inch pots, \$2.00 per doz.; \$15.00 per 100.

Princeps. This is one of the best greenhouse climbers, a rare and showy variety with bright red flowers. 35 cts. each.

Plumbago

	Per doz.	Per 100
Capensis. Blue. 3-inch pots.....	\$1 50	\$10 00
" Alba. White, 3-inch pots..	1 50	10 00

Pothos Aurea

A climbing plant with golden mottled green foliage, excellent for baskets and boxes. 3-inch pots, \$3.50 per doz.; \$25.00 per 100.

Sansevieria

Zeylanica Laurenti. This variety, in addition to the variegation shown in the ordinary sort, has a band of creamy yellow varying from ¼ to ½ inch or more in width on each edge of the leaves, which adds greatly to its decorative effect. A fine stock of good plants, in 4-inch pots, 75 cts.

Polygonum Auberti**(Silver Lace Vine)**

A splendid hardy climber of strong, vigorous growth, attaining a height of 25 or more feet, producing during summer and fall great foamy sprays of white flowers.

Strong, field-grown plants, \$6.00 per doz.; \$40.00 per 100.

Strelitzia (Bird of Paradise Flower)

Regina. A serviceable conservatory plant, with dark green leathery foliage, and producing interesting curiously shaped orange and purplish blue flowers that always attract attention. 5-inch pots, \$3.50 each.

Vitex Macrophylla

In general habit similar to *V. Agnus Castus*, but much stronger in all parts, the foliage being larger while the trusses of rich lavender-blue flowers are fully double the size. It blooms from July until frost, and is likely to become as popular as the Butterfly Shrub.

Strong Plants from 5-inch pots, \$3.50 per doz.; \$25.00 per 100.

Viburnum Rhytidophyllum

A rare variety, particularly attractive on account of its large dark green nearly evergreen foliage, the yellowish white flowers are followed in September by red berries finally turning black. 4-inch pots, 75 cts. each.

Wisteria

Strong 5-inch pot plants.

Sinensis. Blue. 75 cts. each.

Sinensis. White. 75 cts. each.

Venusta. Very long racemes of creamy white flowers. 75 cts. each.

Dreer's Roses

Dormant Stock for Delivery Winter of 1931-32

The greater part of our Roses are grown in conjunction with Messrs. Howard & Smith, Los Angeles, California. The plants this season we believe will be the best we have ever sent out. This season's stock is again growing on new maiden land in a location particularly favored by climatic conditions to produce the best stock.

This Year's New Hybrid-Tea Roses

Novelties and Varieties of Special Merit

Introductions of The Rose World's Most Noted Specialists

Many of the varieties offered here are controlled by us exclusively this season.

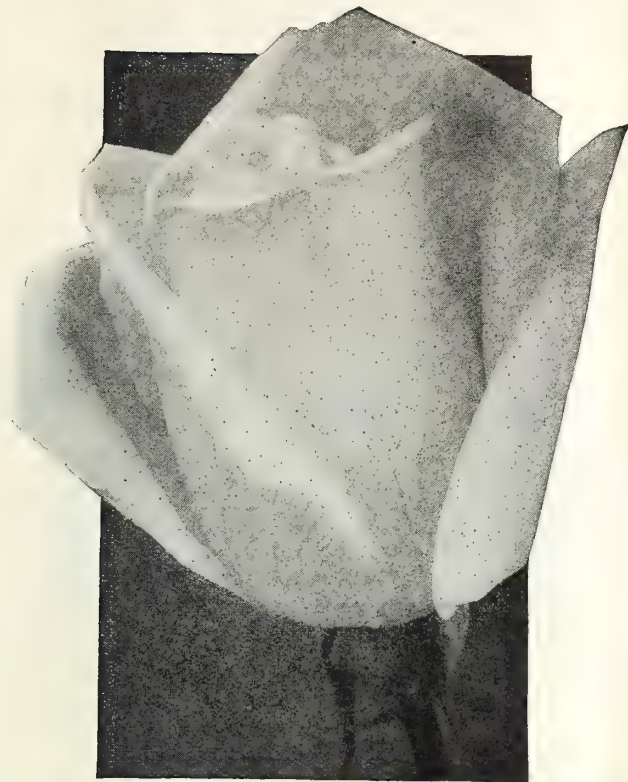

Charles P. Kilham (Beckwith & Sons, 1926). A brilliant distinct and striking novelty which we know will appeal to and please every Rose lover. The buds are long pointed of perfect shape, opening to high centered perfectly formed full double flowers of a rich and brilliant Oriental red, flushed with orange and glowing scarlet. A vigorous grower; very free flowering and sweetly tea-scented. **\$60.00 per 100.**

Dainty Bess (Archer, 1925). An appropriate name for a daintily colored and well formed single flower, 3½ inches in diameter composed of delicately crinkled and wavy petals of a pleasing shade of shell pink with a conspicuous bunch of crimson stamens. The flowers last well when cut and are charming when displayed in individual vases. A strong, vigorous grower and profuse flowering, the flowers being produced on strong stems. **\$40.00 per 100.**

Dr. Edward Deacon (Morse & Son, 1926). A variety that will charm every lover of a real good Rose. Its color is fascinating, the margin of the petals being a delicate tint of shrimp pink gradually merging to a deep salmon-orange towards the base of the artistically reflexed petals, forming a fine, very full flower, that has good lasting qualities. The habit of the plant is ideal, upright, strong and free flowering, with very healthy foliage. **\$60.00 per 100.**

Duchess of Atholl (Dobbie & Co., 1928). The coloring of this new variety is uncommon and delightful, an old golden-orange flushed with peach pink, particularly attractive in the bud and open state, growth vigorous, a free and continuous profuse bloomer. Awarded Certificate of Merit of the National Rose Society of England. **\$60.00 per 100.**

Edith Nellie Perkins (Alex. Dickson & Sons, 1928). Entirely distinct in coloring and of such strong robust growth that it should succeed anywhere and produce an abundance of its pretty colored flowers. The buds are long and pointed, the outside of the petals are of cream and blush shaded with orange at the base, the inner face is salmon-pink with golden-orange base; the flowers are moderately double, produced on long stems and sweetly scented. **\$60.00 per 100.**

New Hybrid Tea Rose, Caledonia

Abol (F. Evans, 1927). An exceptionally vigorous growing, very free-flowering, new white. No other white variety, and for that matter, very few colored varieties, have such a delightful sweet perfume as this novelty. In the bud stage and before the flowers are fully expanded, the centre petals are sometimes tinted with pink on the edges of the petals, passing to pure white as the flowers develop. A good shapely bud and full, double, well formed flower. **\$60.00 per 100.**

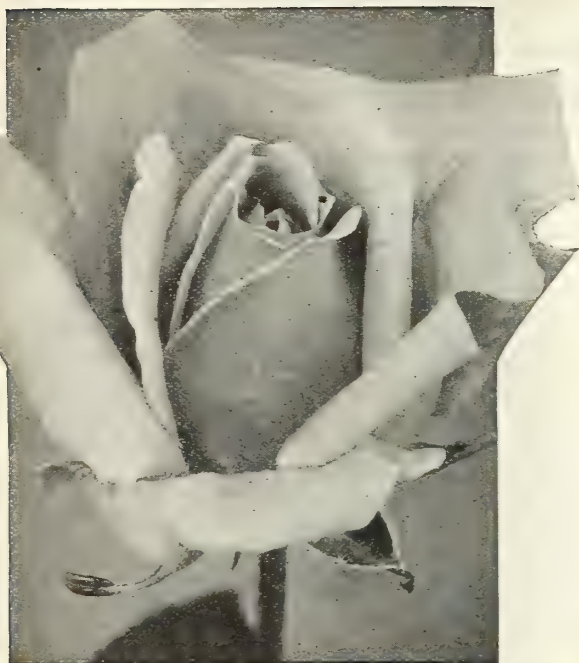

Caledonia (Dobbie & Co., 1928). Large, very long pointed conical buds with the edges of the outer petals gracefully rolled back; flowers very large and full double, high centre, slightly fragrant and borne singly on long strong stems. Color, when first expanding, slightly lemon tinted, changing to a pure white as the flowers develop. Habit very erect, of vigorous constitution, dark green disease-resistant foliage, and a continuous free bloomer; a fine garden Rose. **\$60.00 per 100.**

New Hybrid-Tea Rose, Charles P. Kilham

We Make No Charge for Boxes or Packing

This Year's New Hybrid-Tea Roses and Varieties of Special Merit—Continued

New Hybrid-Tea Rose, Impress

E. G. Hill (E. G. Hill Co., 1929). Among the many Roses raised by Mr. Hill we consider this new red variety one of the most valuable. While it has gained great popularity as a winter cut flower, it is equally good for garden purposes, the long buds of perfect form, as well as the high centered full double flowers are of a dazzling scarlet, shading to a deeper pure red as they develop; of strong vigorous and free flowering habit. \$60.00 per 100.

Elizabeth of York (Dobbie & Co., 1927). Beautifully formed long pointed buds of a glowing cerise-red with yellow suffusion at the base; the petals as they unfold spread widely with a splendid reflex ultimately showing the stamens. An artistic, dainty, delicately colored flower. \$40.00 per 100.

Everest (Easlea & Sons, 1927). One of the largest Roses yet raised, buds large, perfectly shaped, flowers of immense size with long broad petals of firm texture, fragrant ivory-white with creamy suffusion and when fully developed resembles a large Peony borne on long stems. While awarded a Gold Medal by the National Rose Society of England in 1927 as a Hybrid-Tea, it has the characteristics of a vigorous growing Hybrid-Perpetual. \$50.00 per 100.

Evert Van Dyk (G. A. Van Rossem, 1931). With the many good pink Roses now in cultivation the standard to induce us to offer a new variety is naturally placed high, and we are convinced that in this new Dutch variety, which has been named by the introducer in honor of one of the sponsors of the trans-oceanic flight of the "Southern Cross," that we have a variety, which in its color, a bright rose-pink with salmon suffusion, and superior habits, we can recommend with full confidence. \$60.00 per 100.

Golden Dawn (P. Grant, 1929). A magnificent new Rose of Australian origin with which we have been most favorably impressed and in which we have an ideal garden Rose of great merit of an exquisite light lemon yellow color. Its buds are of an ovoid form, heavily splashed with crimson before opening and develop into splendidly shaped full double moderately fragrant flowers which are of a uniform color, reminding one of the old favorite Marechal Niel and which was suggestive of the name Golden Dawn. The plant is of strong, vigorous upright branching habit, very free flowering with usually three or more flowers on each branch. \$60.00 per 100.

Gruss an Coburg (Felberg, Leclerc, 1927). A promising new variety with brilliant coppery orange red buds and large double, full, very fragrant flowers, of a brilliant combination of fawn, golden yellow and coppery red. A strong healthy grower and a perpetual bloomer. \$75.00 per 100.

Heinrich Eggers (W. Kordes, 1928). Well shaped long spiral buds and large bold full double high centered flowers of perfect shape. Color an orange tinted pink with yellow shadings at base. Very strong free flowering habit. \$75.00 per 100.

Hilda (Cant & Son, 1928). Large globular buds and very large extremely double, very lasting, slightly fragrant flowers of a bright carmine, the inner petals shading to light pink, usually borne several together on long stems. Growth very vigorous, a splendid continuous, profuse bloomer. \$60.00 per 100.

Impress (Alex. Dickson & Sons, 1930). A novelty which on account of its coloring and its perfectly formed large double flowers will please every Rose lover. The ovoid buds when first unfolding are cardinal-red with orange suffusion and develop into very large, full double very perfect blooms that last in good shape and which are of a pretty salmon-cerise color suffused with a luminous golden sheen. The plant is a strong vigorous upright grower and exceptionally free flowering. \$75.00 per 100.

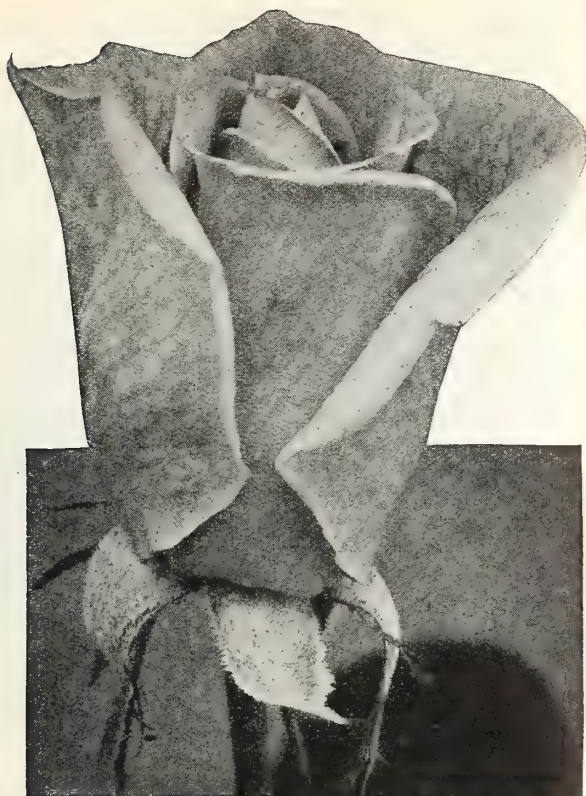

Ivanhoe (Easlea, 1928). Large long pointed bud and large high centered, long lasting, intensely fragrant, brilliant scarlet to rich crimson-scarlet flowers, borne several together on medium stems; foliage glossy; growth vigorous; a free, continuous bloomer and hardy. \$75.00 per 100.

Ivy May (Beckwith & Son, 1925). One of the most attractive varieties of Ophelia type. Color a pretty rose pink running to amber at the base, flushed with gold on the outside and at the edges of the petals; glowing and sparkling. Buds of medium size, long pointed and shapely, opening to fairly double, well-formed, sweetly-scented flowers on long stems. Habit vigorous and upright; a very free and continuous bloomer. A splendid garden Rose and a beautiful cut-flower. \$75.00 per 100.

New Hybrid-Tea Rose, Lady Forteviot

This Year's New Hybrid-Tea Roses and Varieties of Special Merit—Continued

New Hybrid-Tea Rose, Lucie Marie

I. Zingari (J. H. Pemberton, 1925). The most vivid shade of orange scarlet that one can picture, rich and glowing; while the flowers are only semi-double it always attracts attention on account of its rich color and is worthy of a place in every garden. It blooms profusely and continuously, usually in sprays of several blooms; the glossy dark green foliage accentuates its vivid color. \$50.00 per 100.

James Gibson (McGredy & Son, 1928). A glorious glowing crimson-scarlet with velvety sheen, imparting a lustrous radiance to the large, full, beautifully formed flowers of which every bloom develops to perfection. Its habit of growth is as near perfect as could be desired, being free, bushy, upright and vigorous and the flowers which are borne profusely all the season, are carried erect on long stems with good disease resistant foliage. A brilliant Rose of exceptional beauty. \$75.00 per 100.

J. C. Thornton (Bees, 1926). A most brilliant bright glowing scarlet crimson with buds of exquisite form and fine, full, well-shaped high-centered flowers of great substance, borne singly on long strong stems; of vigorous, free growth. It may prove to be our best red bedding variety. \$60.00 per 100.

Joanna Hill (J. H. Hill Co., 1928). This new yellow has gained a well merited reputation as a winter cut flower and from our observations we believe it will prove equally valuable and meritorious for the garden. The buds are large, long pointed and open to large, full, semi-double, attractive, long lasting, moderately fragrant flowers of a clear yellow with orange yellow heart. They are borne singly on long strong stems; growth vigorous, upright, a profuse bloomer. \$60.00 per 100.

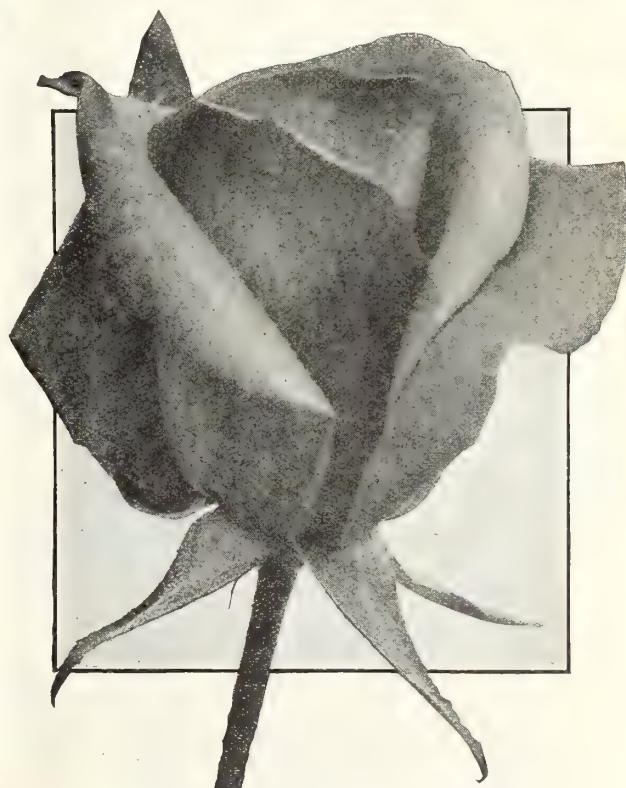

Jules Gaujard (Pernet-Ducher, 1928). Distinct and beautiful, the large, well-formed double flowers on first opening are of a glistening cochineal crimson which, as they fully develop, pass to a pretty shade of orange-rose. It is of strong, vigorous, branching habit, very free flowering and a variety that we are convinced will become a greatly admired garden rose. \$60.00 per 100.

Konigin Luise (Queen Luise) (Weigand, 1927). An exceptionally large, full, globular, well built double white flower that lasts a long time. Of strong vigorous habit of growth with good healthy foliage. The flowers are carried erect on strong stiff stems. A splendid Rose for the garden and for cutting. \$60.00 per 100.

Lady Forteviot (B. R. Cant, 1928). A garden Rose that we confidently recommend. Large ovoid buds opening to very large, moderately double artistic well lasting flowers of delightful fruity fragrance of a bright golden yellow flushed with cardinal red, borne several together on long strong stems. Growth vigorous, healthy dark green glossy foliage, a hardy continuous bloomer. \$75.00 per 100.

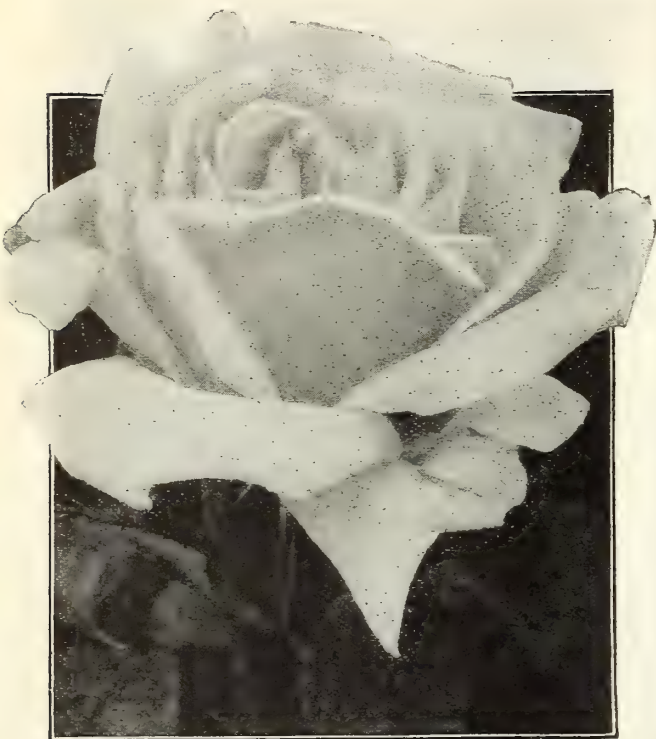

Lady Leslie (McGredy, 1929). Some modern critics lament the absence of fragrance at the expense of vivid colors, but in the beautifully formed good sized flowers of Lady Leslie we have a combination of sweetest fragrance and brilliancy in coloring. In the early stages the flowers are rosy scarlet which, as they develop, passes to a scarlet-carmine suffused with saffron yellow on a yellow base, a warm glowing color combination particularly in the young state. The plant is of ideal bedding type with free upright bushy growth and healthy dark green foliage. \$75.00 per 100.

Lady Margaret Stewart (Alex. Dickson, 1926). A Rose of unique color, the flowers in the young stage are a deep sunflower-yellow heavily veined and splashed with orange-scarlet, reverse of the petals deeply suffused with carmine, as the flowers develop these colors intermingle forming a beautiful cadmium orange effect. The bud is long and pointed, opening to a full double flower of pleasing decorative form of delightfully sweet scent. \$40.00 per 100.

New Hybrid-Tea Rose, James Gibson

This Year's New Hybrid-Tea Roses and Varieties of Special Merit—Continued

Hybrid-Tea Rose, Mrs. Erskine Pembroke Thom
The Best Yellow Garden Rose

Mevrouw G. A. Van Rossem (Van Rossem, 1926). A marvelously beautiful Rose with a unique color combination not found in any other variety, a most striking blending of dark vivid orange and apricot on a golden yellow ground with frequently touches of bronze on the reverse of the petals. The sweet-scented flowers are very large, of perfect formation both in the bud as well as in the fully developed flower and are produced very freely on vigorous upright growths. \$40.00 per 100.

Miss Rowena Thom (Howard & Smith, 1928). In vigorous habit of growth, freedom of bloom and in its adaptability to varied climatic conditions, this will prove equal to the popular Radiance Roses, while its flowers in size and form are equal to the best high-class varieties of recent introduction and all of which it will outclass in freedom of flowering. Its buds are long and shapely, opening to perfect double flowers frequently 5 inches across of a brilliant rose-pink, the base of the petals having a golden suffusion which as the fragrant flowers unfold, adds to the brilliancy of its coloring. \$35.00 per 100.

Mme. Nicolas Aussel (Pernet-Ducher, 1931). An outstanding this year's introduction of the late Mr. Pernet-Ducher. In color a bright coppery red in the very long, shapely tapering bud that develops into a large full double flower of an exquisite opalescent salmon pink. Growth vigorous and healthy, free and continuous bloomer. \$75.00 per 100.

Monarch (Dobble, 1926). Very large long pointed bud developing into large double high centered flowers, very lasting, of a rich silvery pink color, borne singly on long stout stems. A strong vigorous grower and an abundant continuous bloomer; very hardy. \$75.00 per 100.

Mrs. A. R. Barraclough (McGredy, 1926). A most distinct and valuable Rose, of a bright but soft sparkling carmine-pink of even tone that passes to yellow at the base of the petals; this attractive color does not fade as the flower ages, but if anything becomes richer and brighter. The bud is long pointed and develops into a full double flower of model form and substance; very fragrant. \$40.00 per 100.

Lady Mary Elizabeth (Alex. Dickson, 1927). A variety of outstanding merit. Of strong, vigorous, upright, branching habit with good healthy foliage and very prolific flowering. Flowers delightfully fragrant. Long pointed buds with deep substantial petals in color a brilliant carmine-pink. \$40.00 per 100.

Lucie Marie (Alex. Dickson & Sons, 1930). Very long pointed buds, deep yellow splashed with red. As the outer petals unfold, the inner face is yellow with coppery venation, with the tips of the petals lightly tipped with pink, slightly fragrant. It is of strong, vigorous healthy habit of growth with dark-leathery foliage. A most distinct and interesting bedding variety. \$75.00 per 100.

Margaret McGredy (McGredy, 1928). We consider this one of McGredy's masterpieces, large, beautifully shaped full double flowers, entirely distinct from all others in its rich coloring which is a brilliant shade of Turkish or Oriental red passing as the flowers age to a beautiful carmine-rose, these are borne on long stiff stems and hold their form and beauty for a long time. \$35.00 per 100.

Marion Cran (McGredy, 1927). The color combination is wonderful. In the young stage the color is deep buttercup-yellow, margined and flushed cerise and rosy-scarlet. As the flower opens the outside of the petals retain their color, while the inner side opens a brilliant geranium scarlet flushed and veined orange and yellow, passing to a deep cerise on bright rosy-scarlet flushed buttercup-yellow. The flowers are full, of nice form, and medium size. \$40.00 per 100.

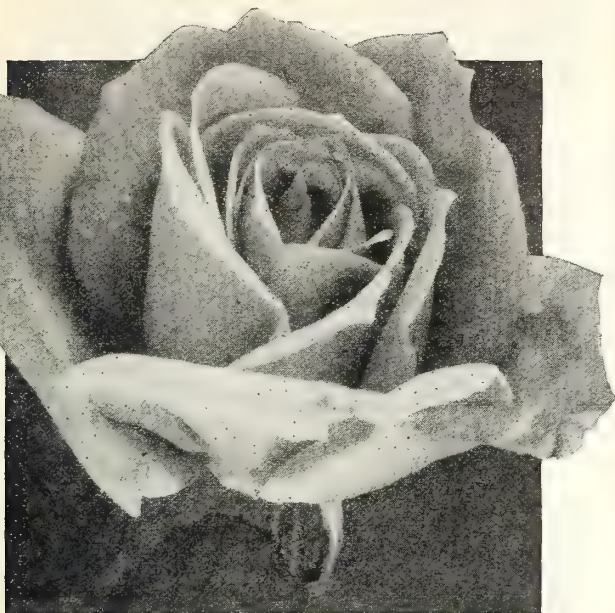

McGredy's Scarlet. (McGredy & Son, 1930). A new red Rose of marked superiority on account of its strong vigorous growth free and continuous habit of flowering and its brilliant color. The flowers are of good size, full double of a brilliant scarlet, orangy yellow at base of petals, the upper portions of same being lightly touched with crimson, varying some in color under changing weather conditions but always beautiful. A splendid Rose for the garden. \$75.00 per 100.

New Hybrid-Tea Rose, Mevrouw G. A. Van Rossem

We Make No Charge for Boxes or Packing

This Year's New Hybrid-Tea Roses and Varieties of Special Merit—Continued

New Hybrid-Tea Rose, President Hoover

Mrs. Erskine Pembroke Thom (Howard & Smith, 1926). We are convinced that this is the best yellow bedding Rose we have to-day. It is of clean healthy vigorous growth with abundant dark bronzy disease-resisting foliage and a continuous free bloomer throughout the season. The medium sized buds are long and shapely and develop into good sized full double flowers of a rich deep lemon yellow, sweetly scented. \$35.00 per 100.

Mrs. John Bell (John Bell, 1928). A Rose of exceptional merit, of a most attractive vivid shade of cochineal carmine, with large long pointed shapely buds and very large full double cupped fragrant flowers borne singly on good stems. Growth moderate, bushy habit with disease resistant foliage and a profuse bloomer. A variety that is certain to become popular and which will displace all others of a similar shade of color. \$75.00 per 100.

Mrs. Sam McGredy (McGredy, 1929). The following is an extract of Messrs. McGredy's description of this beautiful new variety: "The color is quite distinct from anything yet seen in Roses, a wonderful dual combination of vivid shades. A beautiful scarlet coppery-orange is heavily flushed with Lincoln-red on the outside of the petals, and these colors together give a rich and almost dazzling effect. The flowers are of large size and beautiful form, and they possess the proper fullness to make them useful for all purposes. They are very freely produced and delicately perfumed. The plant has a vigorous and exceptionally free habit and is for all Rose growers the best all-purpose variety we have raised. \$75.00 per 100.

Norman Lambert (McGredy, 1926). A distinct color combination that is novel. The outside of the petals is a deep chrome-yellow with a marginal color effect of brilliant orange-scarlet merging to an irregular zone of burnt orange, the inside salmon-orange suffused bronze, shading to yellow at the base. The flowers are of medium size and form, delightfully fragrant. Free-flowering. A splendid bedder. \$40.00 per 100.

Patience (McGredy, 1927). One of the finest Roses of recent introduction. Its splendid long pointed buds are of a deep scarlet carmine opening to large fragrant double perfect blooms that shade from orange at the base of the petals to rich carmine at the edges. It is of strong robust habit with glossy holly-like foliage and extremely free flowering for a Rose of its large size. \$40.00 per 100.

Polly (Beckwith, 1927). A splendid Rose of the Ophelia type that we feel confident will become a general favorite. Buds long and of perfect shape, the centre golden yellow passing to a tender flushed pink towards the edges; as the large full fine flowers develop the golden base comes well up on the petals, the outer petals pass to a creamy white with just the faintest touch of pink. A strong healthy grower and free bloomer. Sweetly scented. \$60.00 per 100.

Portadown Bedder (McGredy, 1929). This is one of the brilliant Roses that makes an instant appeal by its charming combination of unusual colors. The petals are orange-yellow on the outside, with a rich cerise flush that deepens towards the edge, and inside there is a suffusion of glowing scarlet-cerise on an orange ground, the blend of colors giving a warm tone to the whole flower, which is of moderate size, good form and thick texture of petal. They are very freely and continuously produced and are fragrant. A Rose that has only to be seen to be admired. \$50.00 per 100.

Portadown Fragrance (McGredy, 1931). A Rose that pleases us and that we are sure will be generally appreciated not only on account of its large beautifully formed double flowers but also for its remarkable fragrance of which Mr. McGredy, the introducer, says "No Rose has ever been raised to compare with this variety for fragrance which is most penetrating and of an entirely distinct sweet odor." The plant is a strong vigorous grower and free bloomer; in color a bright orange-scarlet, passing to bright rose towards the edge of the petals; an ideal garden Rose. \$100.00 per 100.

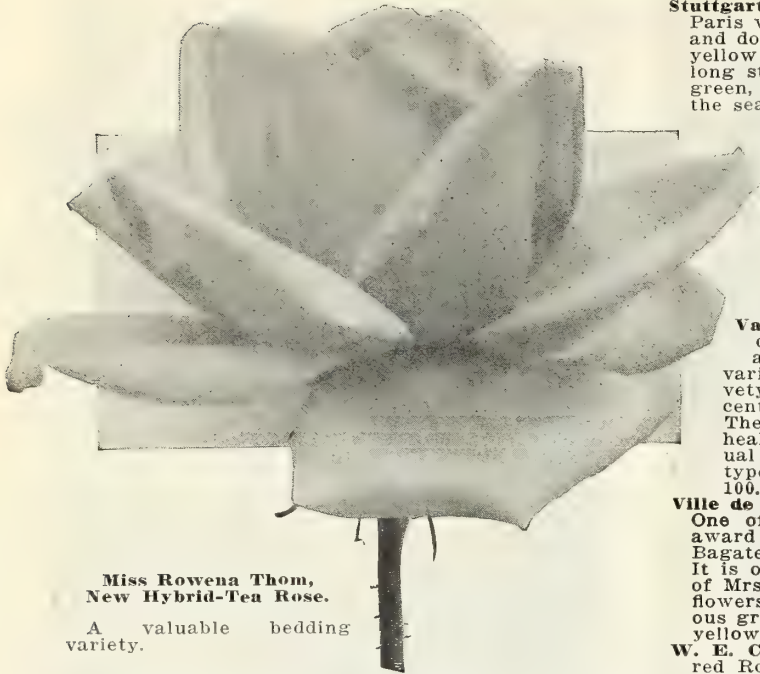

President Hoover (L. B. Coddington, 1930). A glorious Rose, wonderfully free in the easy manner in which it grows and charming in its color arrangement which is a splendid combination of cerise-pink, flame, scarlet and yellow; this combination of colors gives the most dazzling color effect imaginable. The buds are beautifully pointed, the flowers large, composed of broad thick heavy petals, with an exquisite fragrance. It is exceptionally free flowering and everyone will be delighted with its habit of growth. \$50.00 per 100.

New Hybrid-Tea Rose, Schwabenland

We Make No Charge for Boxes or Packing

This Year's New Hybrid-Tea Roses and Varieties of Special Merit—Continued

Miss Rowena Thom,
New Hybrid-Tea Rose.

A valuable bedding variety.

President Jac Smits (Verschuren & Sons, 1928). For brilliancy in color, a rich velvety crimson-scarlet, exceptionally long pointed buds of ideal shape, held gracefully on long stems and produced most generously, we know of no other variety that is its equal, but having only 18 to 20 petals, usually arranged in three rows, the flowers expand very quickly, showing the golden stamens, but even in its fully expanded form its brilliancy of color is unequalled by any other variety of this type. \$40.00 per 100.

Renate (Berger, 1925). A seedling from the popular Kaiserin Augusta Victoria which it resembles in type. Bud large, of ovoid form, opening to very large, very double globular, creamy white flowers of strong fragrance and very good lasting quality usually produced several on a stem. Foliage bronzy-green, leathery, disease resistant. Growth vigorous and bushy; blooms profusely and continuously. Very hardy. \$50.00 per 100.

Rosella Sweet (Pernet-Ducher, 1930). Large ovoid bud developing to a splendid large, well-formed, attractive flower of a luminous capucine yellow, with delicate salmon pink suffusion and of strong delicious fragrance. The fine flowers are borne singly on strong stiff stems, the plant is of vigorous upright habit with healthy dark green glossy foliage. \$50.00 per 100.

Schwabenland (Pfitzer, 1928). A Rose of great merit. There are many pink Roses but none just like this new variety either in color or in the splendid formation of its blooms. The flowers are large, over five inches in diameter, of great depth, with high spiral centre, the petals having a peculiar twist or curl give the large bloom a most graceful appearance. In color it is a luminous rich rose pink, retaining its brightness until the petals drop; the flowers are carried singly on long stiff stems. A strong, healthy, hardy, vigorous grower and free and perpetual flowering. \$75.00 per 100.

Souvenir d'Alexandre Bernaix (Bernaix, 1926). A beautiful large flower, 4½ inches or more in diameter and unique and distinct in color, one of the deepest colored Hybrid-Tea varieties. The flower is of artistic build and full double with from 48 to 50 substantial petals which are neatly arranged. In the half-expanded bud the petals are incurved, of an intense deep velvety crimson-red on a maroon ground with touches of scarlet on the outer petals. As the flower fully develops it becomes suffused with vermilion carmine at the edge of the petals. \$60.00 per 100.

Stuttgart (Berger, 1928). On the type of Ville de Paris with medium sized, long pointed, shapely bud and double, very lasting, moderately fragrant, pure yellow flowers borne singly or several together on long stems. Growth moderate, bushy; foliage rich green, disease resistant; a free bloomer throughout the season. \$75.00 per 100.

Talisman (Montgomery Co., 1929). A combination of shadings of gold, apricot, yellow and deep pink or old-rose. The outside of the petals is bright yellow, gold, and pink; as the flower develops and the petals unfold they become bright apricot, gold, deep rose-pink or old-rose and unlike most Roses the color becomes brighter as the flowers develop. The bud is long, perfectly formed, averaging about 25 to 28 petals, the plant is a strong grower and free flowering. \$50.00 per 100.

Vaterland (Pfitzer, 1928). The most distinct dark colored variety yet introduced, deeper and richer in effect than the Hybrid Perpetual variety Prince Camille de Rohan, a rich deep velvety scarlet maroon and a splendidly formed high centered flower of remarkable keeping qualities. The plant is of vigorous strong erect habit with healthy foliage and remarkably free and perpetual flowering; unquestionably the best of this type that has yet come to our notice. \$75.00 per 100.

Ville de Paris (City of Paris) (Pernet-Ducher, 1926). One of Pernet-Ducher's Gold Medal Roses which award it received in the International trials at the Bagatelle Gardens, Paris, in the summer of 1926. It is of a rich buttercup-yellow much in the style of Mrs. Beckwith but with longer buds and larger flowers and purer in color. The plant is of vigorous growth and very free flowering, a splendid rich yellow garden variety. \$40.00 per 100.

W. E. Chaplin (Chaplin, 1929). A most meritorious red Rose of the Lord Charlemont type but better, being a free vigorous grower with healthy disease-resisting foliage. The flowers are large; every bud develops to a perfect full, high-centered, very lasting moderately sweet scented flower. Color deep crimson, deepening to carmine crimson; does not blue or burn; these are carried on long strong stems, a very free continuous bloomer. \$125.00 per 100.

William E. Nickerson (Easlea, 1928). Very attractive and distinct, a glowing orange cerise, large, ovoid buds, developing into full double high-centered flowers of perfect form; very lasting, moderately fragrant, borne singly on long strong stem. A hardy vigorous grower with light green healthy foliage. A free and continuous bloomer. A gem in every way. \$75.00 per 100.

The New Dawn **The Everblooming Dr. Van Fleet**

The New Dawn

(The Everblooming Dr. W. Van Fleet)

(The originators of this new Rose have applied for a patent to control its propagation).

A sport from Dr. Van Fleet which is universally acknowledged as the best and most popular American Climbing Rose. This new variety is identical in every way with its parent in size and formation of its flowers, color, etc., but blooms continuously throughout the summer and fall months. Really the first worthwhile Everblooming Climber introduced; a variety that every Rose lover will be anxious to possess.

We offered The New Dawn, "The Everblooming Dr. Van Fleet," for the first time the past spring and it proved by far our best seller among the high priced novelties, in fact, the demand was far beyond our anticipation; better for the first season than we have ever experienced with any Climbing Rose that we have handled. Our supplies were exhausted long before the selling season was over, this with comparatively little publicity having been given it.

For the coming fall and spring of 1932 our retail price will be \$2.00 each and we will supply the trade at the rate of \$100.00 per 100 for strong two year old, budded, field-grown plants. We will have an ample supply to meet all reasonable demands and are now prepared to book orders for fall or spring delivery at prices noted above.

Our arrangement with the originators of this variety is that the wholesale purchaser shall re-sell these plants only at retail, and no license to reproduce same for sale is granted.

We offer this variety and will supply same only with the understanding that the plants are accepted by you under this arrangement. We are sole distributors of this novelty and all trade or wholesale orders can only be supplied by us.

New Hardy Climbing Roses

Primrose, the New Yellow Rambler

In this we have what has long been sought after a real hardy yellow rambler a strong vigorous grower and hardy under the same conditions under which Dr. Van Fleet and similar varieties will succeed. In color light primrose-yellow which is maintained until the petals drop. Its flowers are borne in trusses of from 2 to 5, on long stems, about 2½ inches in diameter. The plant is of vigorous climbing habit, free flowering, mid-season and the flowers last in good condition for a long time, with healthy dark foliage.

Strong 2-year-old plants, \$30.00 per 100.

Mme. Gregoire Staechelin

Mme. Gregoire Staechelin has inherited the best qualities of both of its popular parents, Frau Karl Druschki and Chateau de Clos Vougeot. The long-pointed buds are crimson at first as the sepals divide, then the firm outer petals show splashes of carmine as the flower opens, with an iridescent pearl-pink inside and it is richly perfumed.

It grows 12 feet or more and has large, disease-resistant foliage. The main stem of the plant shoots upright and the long bloom-spurs stand out 18 inches at right angles, with exquisite, full, fragrant blooms. These blooms come early in June and last over a long period.

Strong two-year-old plants, \$50.00 per 100.

Chaplin's Pink Climber

This striking novelty originated in the same nursery in which Paul's Scarlet Climber was raised. It is a cross between Paul's Scarlet and American Pillar, of strong growth, perfectly hardy, producing its large flowers, similar in size and form to Paul's Scarlet, profusely in strong trusses of from 8 to 12 flowers each, but in color a rich lively pink.

At the Spring Show of the National Rose Society of England in 1928, it was the outstanding feature among the New Roses and was awarded the Society's Gold Medal.

Strong two-year-old plants, \$30.00 per 100.

The New Climbing Polyantha Rose Climbing Lafayette or Auguste Kordes

A sport of the popular Bedding Polyantha Rose Lafayette, possessing all of the good characteristics of that desirable variety, but of a strong, vigorous, climbing habit, producing its good-sized, very attractive, bright crimson scarlet flowers very freely in large trusses. The plants are covered with bloom from top to bottom in early summer, with some intermittent periods of bloom during the late summer and fall.

Strong two-year-old plants, \$30.00 per 100.

New Climbing Rose Thelma

Similar in habit of growth to Paul's Scarlet Climber which is one of its parents. The flowers are large for this type of Rose, being 3 inches in diameter, usually with three rows of petals, produced in clusters of from 3 to 18 blooms, which last in good condition a long time. Color a delicate coral pink suffused with carmine. A Rose of special merit. Strong two-year-old plants, \$30.00 per 100.

Rambler Roses for Early Forcing

Marie Gouchault. A variety which has met with favor with all growers of Easter plants.

In general appearance and habit of growth and formation of flowers it resembles Dorothy Perkins, but more brilliant in color, being a clear bright geranium pink without the least trace of magenta and as easy to flower for an early Easter as the variety Eugene Jacquet which it greatly surpasses in color. Strong Eastern field-grown plants suitable for early forcing. \$50.00 per 100.

Bonfire. As its name implies this is a brilliant red, really a rich cherry crimson. There is a place for a good red Rose for early forcing that will take the place of Excelsa which is not satisfactory for early work and which is supplied in this new red. Strong Eastern field-grown plants suitable for forcing. \$50.00 per 100.

Hybrid-Musk Roses

Perpetual flowering Roses of shrub-like habit, valuable for planting in the shrubbery, being particularly attractive in the fall.

Cornelia. Always in bloom, with fragrant rosette shaped flowers about 3 inches in diameter, borne in clusters. Color strawberry flushed yellow.

Penelope. Semi-double, shell pink flowers shaded saffron, borne in branched clusters. Growth vigorous, nearly always in bloom.

Either of above varieties \$35.00 per 100.

Trailing Hybrid-Rugosa Rose Max Graf

Makes an excellent pillar or climbing Rose, but will be found most valuable as a ground cover for which purpose it is far superior to any of the Wichuraiana varieties. The foliage resembles Rosa Rugosa, is retained very late in the season, it is practically immune to insects and diseases and is absolutely hardy. Its flowers are large, single, bright pink with prettily crimped petals. For planting on a steep bank or for trailing over a stone wall, it has no equal.

Strong 2-year-old budded plants, \$35.00 per 100.

Strong 1 year old grafted plants, \$25.00 per 100.

We Make No Charge for Boxes or Packing

New Polyantha or Baby Roses

Gloria Mundi

The Most Striking New Orange-Scarlet

A wonderful improvement on Golden Salmon and all other Roses of this type, in color the most brilliant orange-scarlet imaginable which does not fade but retains its brilliancy to the finish.

The flowers are well formed, full double and borne in many flowered graceful clusters. A free and continuous bloomer. **\$50.00** per 100.

Scarlet Button

The Brightest of All the Babies

Originated with us as a sport from Locarno and is the richest and brightest of the Baby type yet introduced, in color an intensely rich and brilliant scarlet with flowers of medium size, produced in many flowered gracefully arranged trusses. Its habit of growth is ideal for pot culture; very free flowering and easy to force. **\$50.00** per 100.

Magnifique—A Fine Pink

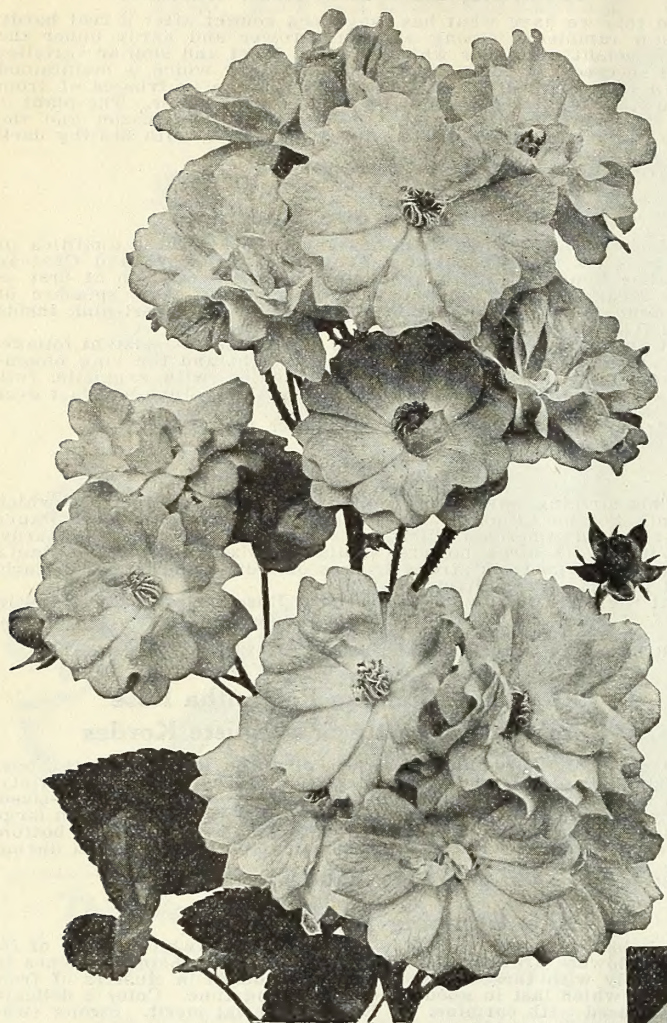

A sport from the popular variety Orleans that will unquestionably prove to be the most popular pink variety for forcing for pot culture, as well as for bedding. Color pink, like Dorothy Perkins, but with neatly undulated or wavy petals forming most attractive semi-double flowers which are produced early and profusely in large branching many-flowered graceful trusses. **\$40.00** per 100.

The Delightful Pink Lafayette

A sport from Lafayette but in color a delightfully refreshing shade of rose pink; makes an excellent pot plant and is easily forced; a color that everyone admires. **\$40.00** per 100.

Golden Salmon

The popular salmon variety. **\$30.00** per 100.

New Polyantha Rose, Magnifique

Three Single Hybrid-Polyantha Roses

Unlike all other single Roses, these new hybrids are of very vigorous habit, growing from 2 to 3 feet high and are a mass of attractive flowers throughout the season. The blooms are about two inches or more across, very substantial, holding their brilliant colors without fading.

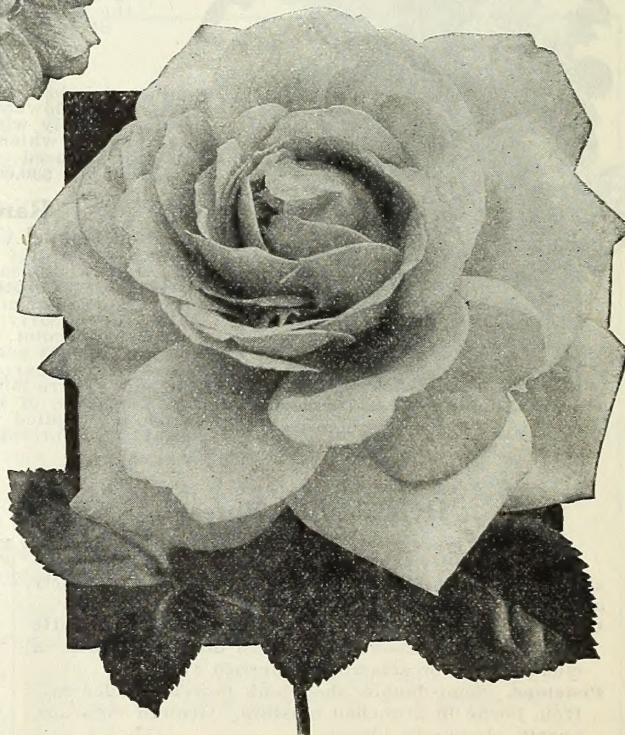

Else Poulsen. A beautiful tone of pure rose-pink. **\$40.00** per 100.

Kirsten Poulsen. Rich bright scarlet. **\$40.00** per 100.

Salmon Spray. Rich salmon-pink flowers, with carmine reverse, sweetly scented, very free. **\$40.00** per 100.

New Hybrid-Perpetual Rose Mme. Albert Barbier

Introduced several years ago, this remarkable Rose has quickly found its place in popular favor. In its habit of flowering it is as free as many of the popular Hybrid-Tea varieties, its seed parent is Frau Karl Druschki, from which it has inherited a strong, clean, vigorous growth; its buds are long and well formed of a pearly white color suffused with soft, salmony flesh and develop into large, full double imbricated flowers of splendid form which as they expand, show a golden apricot suffused centre. **\$35.00** per 100.

New Hybrid-Perpetual Rose, Mme. Albert Barbier

Fertilizers for the Garden and Lawn

Dreer's Peerless Plant Food. This fertilizer, made in accordance with our specifications contains the correct proportions of nitrogen, phosphoric acid and potash, that assures vigorous, sturdy plant growth. Equally good for pot plants and the flower garden as well, while the lawn will thrive luxuriantly when top dressed with Peerless Plant Food. 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.00

Bone Meal. Pure Raw Bone. 25 lbs., \$1.25; 50 lbs., \$2.25; 100 lbs., \$3.50; 200 lbs., \$6.50; 500 lbs., \$15.75; 1000 lbs., \$30.00; ton, \$55.00.

Chrysanthemum Manure, Smith's. Excellent as a top dressing and as liquid manure. 50 lb. bag, \$4.00; 100 lbs., \$6.50.

Clay's Fertilizer. Imported. Per bag of 28 lbs., \$3.25; 56 lbs., \$5.50; 112 lbs., \$10.00.

Cotton Seed Meal. Safest of all lawn fertilizers, neutral in action, produces a thick, dark green turf, quite free of weeds. Apply 15 pounds per thousand square feet. 25 lbs., \$1.25; 50 lbs., \$2.25; 100 lbs., \$4.00; 1000 lbs., \$37.50; ton, \$70.00.

Cow Manure. Shredded and dried. 100 lbs., \$3.50; 500 lbs., \$16.00; 1000 lbs., \$27.50; 2000 lbs., \$52.50.

Humus. When humus is added to the soil it unquestionably aids plant growth, for no matter how rich your soil may be with chemical fertilizers, humus must be present or they will not become available as plant food. In addition, humus will lighten heavy soils, keeping it in a friable workable condition, while lighter soils are benefited through their added ability to retain moisture. 50 lbs., \$1.00; 100 lbs., \$1.75; 500 lbs., \$7.50; 1000 lbs., \$13.00; ton, \$22.00.

Sheep Manure. 100 lbs., \$3.50; 500 lbs., \$16.00; 1000 lbs., \$27.50; 2000 lbs., \$52.50.

Soot. Imported Scotch. Bag of 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.

Springfield Rose Food. An organic fertilizer ideal for roses. 100 lbs., \$5.50; 500 lbs., \$25.00; ½ ton, \$45.00.

Tobacco Stems, Uncut. Tobacco stems, either in uncut or ground form are excellent for mulching purposes during the summer season. Per bale of about 100 lbs., \$2.00; 500 lbs., \$8.75; 1000 lbs., \$12.00; per ton, \$21.50.

Ground Tobacco Stems. 100 lbs., \$2.50; 500 lbs., \$10.00; 1000 lbs., \$18.50; per ton, \$35.00.
